He has stated that the existing low level causeway @ km 19/4-6 "Saluru - Dalaivalasa road via Dandigam and Kurukutti in Vizianagaram district" was constructed long ago with MPLAD's fund and is badly damaged. The local public and the students are facing much inconvenience during the rainy season due to flash foods and over flow of water on the causeway affecting the necessary medical services to the local villagers and causing hindrance to the studies of the students. By constructing the proposed High level Bridge , the habitants of the 15 main local villagers and near by tribes get benefitted for the uninterrupted transportation to attend their daily needs and to transport the agricultural products to the Saluru town. He has also stated that the Saluru — Dalaivalsa road (via) Dandigam, Kurukutti from Km.0/0 to 24/780 is an important MDR in Saluru Assembly Constituency. The road starts at NH-43 (@km 489/2) and passes through Saluru Municipal limits connecting 15 main villages and many branch roads where tribal people are residing in around 35 hamlets. The condition of the road is bad and due to insufficient width of the road at certain chainages, the tribal people are facing much inconvenience to commute to Saluru town to attend to their daily basic needs. With that, he has requested to accord administrative sanction for total amount of Rs.1736.40 Lakhs under MDR plan.

2. In the circumstances reported by the Engineer in Chief (R&B) MDRs and after careful examination of the matter, Government hereby accord administrative sanction for an amount of Rs.1736.40 Lakhs (Rupees One thousand Seven hundred and thirty six lakhs and forty thousand only) for the following two works under MDR Capital in relaxation of FRBM norms .
